MV NARRATIVE

LUXURY RESIDENTIAL COMMUNITY AT SEA. TRAVEL THE WORLD FROM THE COMFORT OF HOME

Luxury Begins Here

TALK TO YOUR RESIDENTIAL ADVISOR TODAY

+1-813-567-8679

Travel the world from the comfort of home

Imagine - bringing your home around the world with you.

Waking up, pouring your coffee and answering emails on your balcony while gazing at another incredible new view of the sparkling coast. A nutritious breakfast arrives at your door, as you plan a couple of days ashore exploring the French Riviera with a small group of your fellow residents, who you now consider your close friends.

Or, maybe you just laze around home today, ordering room service and reading a book, followed by a long lunch with friends, a swim in the sunshine, and a massage or time at the gym before enjoying a glass of wine on your balcony as the sun slowly sinks behind the horizon.

However you choose to spend your day, you have a safe and engaging way to enjoy the entire planet, at your leisure, with a like-minded residential community, all from the comfort of your luxurious home at sea.

Picture now your life of passion, discovery, and adventure, while sleeping comfortably every night in your very own bed. You come and go as you please, and of course your friends and family can stay with you or enjoy your residence and the Storylines lifestyle while you are away.

Enjoy a life of luxury and everything you could want to experience, while the world slowly floats by your front door.

“When you want something, all of the universe conspires in helping you to achieve it.”

- Paulo Coelho

Time to Explore, Engage & Experience

A leisurely three to five days in the most engaging ports means you can relax and completely immerse yourself in the location. No more rushing to disembark or worrying you will miss anything.

The ship is your base as you leisurely explore the most beautiful and exotic locations in the world. Yours is a life of inspiration and lifelong learning.

Take your time aboard, go ashore when you choose, or even pack an overnight bag and start exploring; whether that be winery tours in Tuscany, market trips in Morocco, or culinary classes in the south of France.

“The real voyage of discovery consists not in seeking new landscapes, but in having new eyes.”

- Marcel Proust

Experience all the world has to offer with 1000 like-minded residents aboard Storylines' custom-built residential development at sea. Endless days of cultural immersion, endless nights enjoying the familiar comforts of home.

We provide a healthy, happy, holistic experience for our residents by offering exciting experiences combined with luxurious comfort and security for your peace of mind. We take care of all the details so you can focus on enjoying the ultimate global lifestyle.

Continuous Global Itinerary

Activities

Sports, Clubs, Classes, Enrichment & Entertainment

Jet skiing, scuba diving, paddle boarding, kayaking, sailing and surfing are some of the motorized and non motorized water sports equipment available at the marina platforms on Deck 4. For those with a focus on strength and fitness, your Spa and Wellness area provides personal trainers, yoga, tai chi, dance classes and much more. You'll also find a running track, lap pool, sports court and digital driving range on board.

Enjoy nightly entertainment, live music and dancing.

Take an art class in our art studio, learn to speak a new language, or participate in a variety of lectures from renowned experts.

Join a pottery workshop, start a bridge club or take a photography class. Onboard enrichment and entertainment is included.

This is Fine Dining

With 20 unique dining and bar concepts and 24 hour room service included, Storylines residents enjoy amazing culinary experiences every day.

Belgian waffles, vegetables grown aboard, fresh catch of the day and truffle tagliatelle are just some of the taste experiences to be discovered.

Alcoholic beverages are free flowing, so treat yourself to freshly shucked oysters and champagne over the water for lunch, a Japanese meal with sake for dinner then some gelato or an aperitif for dessert.

Should you choose, prepare a meal in one of the resident kitchens and leave the cleaning to us.

The food of the world is at your doorstep every single day

Direct Ocean Access

Enjoy swimming, sailing, jet skiing, paddle boarding, snorkeling, scuba diving, fishing and kayaking right off the deck: a rare amenity usually reserved for superyachts

Green Cruising

LNG Fuel, green technologies, converting waste to energy, banning single use plastics and minimizing environmental impact to future-proof our ship for access to sensitive areas globally

Sun Deck, Rooftop Bars & Hot Tubs

Ever-changing views of the most beautiful cities and stunning destinations day or night

Marina Landing

This yacht club style private marina features a mud room, cafe and cocktail lounge. This will certainly be a favorite spot for unwinding after a day out on the water.

Cinema and Performance Theater

From education to entertainment, enjoy your own theater onboard. Attend a lecture, watch a performance or see what's showing on the big screen

Smooth Sailing

State-of-the-art ship stabilizers set a new industry standard. Absolutely sound-proof residences for those perfect quiet moments

20 Dining & Bar Concepts

Gone are the buffet lines and mediocre food. The epitome of culinary style and substance come together from around the globe in a carefully curated assortment of intimate eateries and unique bar venues

Ample Room to Move

With only a fraction of the normal passenger capacity for a ship this size, you will always have plenty of space

Art Studio

Fully stocked with art supplies and hobby materials for endless days of inspiration and craftiness

Youth Education

The world's first traveling micro-school for ages preschool through college. The world is your classroom!

Health & Wellness

Full gym facilities with the latest equipment, lap pool, wellness spa, beauty salon, yoga & fitness classes

MV Narrative

Intelligently Designed for a Life of Luxury, Safety and Comfort

The design and technology of our vessel enable us to create sustainable practices and eliminate wasteful systems and pollution that the industry is sometimes known for. It is our ultimate goal to pave the way for sustainable cruise travel, demonstrating that it's not only possible but still profitable for other liners to follow suit.

Medical Clinic

Our onboard clinic has a primary care physician, nurse, pharmacist, nutritionist and physiotherapist. Some services that are offered include wellness checkups, weight loss, anti-aging consultations, aesthetic treatments, immune therapies and detoxification

Living Gardens 🌱

Providing healthful ocean-to-table produce for our onboard farmer's market and restaurants, this hydroponic garden space is the first of its kind at sea. Green thumb? Join the fun!

Resident Lounges 🍷

With private kitchen entertainment facilities and balconies, our resident lounges are perfectly suited to have a dinner party with a group of friends, play a card game or sit outside and enjoy the breeze

Design, Art & Plants Throughout 🎨

The very latest in European design provides stylishly decorated spaces surrounded by inspiring art and fresh green spaces

World Class Library 📖

Discover the greatest authors, ideas and stories in this handsomely appointed, comprehensive library where you can kick your feet up with a good book, or find a quiet space for some study time

Pet Exercise Area 🐾

Walk your dog without leaving for the shore

Defining Principles

1 DISCOVERY

**We don't cruise.
We discover.**

We plan our destinations as we leisurely travel the world, stopping for one to seven days in our chosen ports. We set our own pace, immersing ourselves in local cultures or allowing the simple beauty of the surroundings to inspire a relaxing respite in a new locale.

2 LIFESTYLE

**We are not a vacation.
We are a lifestyle.**

Our ship is our home. It's full of getaways and experiences we curate to suit our tastes and desires. We relax by the pool, help out on the ship, and attend to our individual businesses. We live in the style of our own making.

3 EXPERIENCES

**We don't have itineraries.
We have experiences.**

Ours is the most interactive cruising experience in the world. Each leg of our ongoing journey is designed with community input. With days in each port (not hours), our residents can have immersive cultural experiences.

4 PARTICIPATION

**We don't observe.
We participate.**

We do as much, or as little, as we please. We might tend to our gardens, help plan our journey, or present a special interest talk. We can participate in social clubs, interact with the local communities we visit and prepare special meals for our friends.

5 CONTRIBUTION

We don't consume. We contribute.

It's about giving more and taking less. On and off the ship, philanthropy and sustainability are central to all we do. From LNG fuel to growing our own food to giving back to the communities we visit; we travel with intention to reduce our footprint and have a positive impact along the way.

6 MINDSET

**We aren't a demographic.
We're a mindset.**

Our storyline is one of positive people doing positive things in the world. With a flexible and conscientious mindset, and an enthusiastic approach to living, we are driven to do some good while we learn and grow as human beings—and we have a lot of fun doing it.

7 COMMUNITY

**We aren't guests on the ship.
We live here.**

We are active members of a unique community with a say in most of what happens onboard our vessel and in choosing where our journey takes us.

8 GLOBAL CITIZENSHIP

**We aren't tourists.
We are citizens of the world.**

A place we can call our own - Planet Earth. We are no longer tied to just one place. The ship is our home, where we live the life we always told ourselves we would, could, and should have.

World-Leading in Sustainability

As many regions are becoming aware of the environmental impact of residential developments and older oil burning cruise ships, Storylines' innovative green technologies ensure we exceed new regulations that are being planned and implemented worldwide.

Our focus on sustainability works to future-proof our lifestyle as the new purpose-built vessel will be among the most environmentally sustainable passenger ships on the planet.

Live on one of the greenest ships at sea.

Industry Leading Cleaner LNG Fuel

Our ship has been sustainably designed with Liquid Natural Gas propulsion. LNG is the most environmentally friendly, readily available fuel for shipping. It is far cleaner than the heavy bunker oil utilized by traditional cruise ships because it emits no sulphur oxides, no particulate matter and far less nitrogen oxide.

Our Sustainability Initiatives

Engaged with a sustainability ambassador who has a Masters of Sustainability from Harvard University to oversee our sustainability planning

Ocean conservation goals include pledging 1% toward safeguarding our seas. We also protect sensitive reef ecosystems by organizing reef restoration projects, only selling reef-safe sunscreen and using only biodegradable cleaning products

Sailing at the optimal cruise rate for fuel consumption - our lower knot rate ensures that our fuel consumption in a year equates to that of a month on a regular cruise ship

Utilizing all new green shipping technology such as converting waste into energy

Sourcing local provisions in every destination we visit, reducing the distance our food travels

Progressive energy storage technologies to ensure what energy we have is utilized only when required

Growing produce on board in our own hydroponic gardens

Zero-waste market is the first of its kind at sea. Bulk good and refill stations are available and everything is compostable or recyclable

Travel The World With Us

The ship does a full circumnavigation around the globe every three years. Here is a sample itinerary:

Venice

5 days in port

They say that entering Venice by water is one of the most magical sights you can see on the planet. Most likely you'll be talking around the dinner table for weeks about this one. No need to rush off the ship when we arrive, you'll have days here to explore...

If you're still not done when it's time to leave, let the crew know you'll be staying behind. You can always catch up with the ship at its next port of call. This is your global lifestyle, why rush?

SANTORINI

3 days in port

The highlight of the Greek islands is stunning Santorini!

Visit Kamari beach, Amoudi bay, the ruins of the ancient cities of Thira & Akrotiri or work your tan on sun drenched beaches with backdrops of the warmest clear blue waters. Dine on fresh local fish, or dive and spot them yourself. You may never want to leave this island paradise.

Residents Choice

1 day in port

Welcome to your world of choice!

As a resident aboard you'll enjoy the excitement of helping to select the next destination using the Storylines Residents App. In this case, choose the option to either stay in the current group of islands, or head to another beautiful destination along the northern coastline of Sicily.
